## Notes

---

Stars as Peter Peterson in the Screen Queensland short film, 'The Bogabilla Bus', which screened all over the world including Beverly Hills, America and did exceptional at film festivals. Recently shot a short film, 'REVERIE' as the bully Liam, along side many top quality Australian actors. Passionate working actor and deal well under the pressure of acting on set. Dancing is another aspiration of mine, however the main goal is to pursue a successful career in acting for films and series. I take up every character/role to the best of my ability. I have played a diverse range of roles, from a Victim of assault, to a cheerful Christian.

I hope to gain further knowledge in the industry and land some great roles!
